Dear Nora and

Dean Strikit,

I would like to say how proud and happy Italian group is to be here in these days! I'm sure everybody had fruitful days of workshops and debates.

Grazie di tutto!
from ITALIAN GROUP

Everything is very interesting and it's wonderful talk with so many people: our mind become better! This is also a good method to teach to the young people to build PEACE. THANK YOU THANK YOU THANK YOU!

Really, a big big big THANK YOU to the organizers: you have worked so hard and your organization is PERFECT (on every point of view!). You make a "precious gift" to young people, giving them the possibility to grow together in that U.E.

Let me once again say THANK YOU and don't forget that Carla and I are waiting for you in Sicily. Come to the sea house or in Catania: we can have a trip among greek Temples and arab mosaics!
